

FAMILY EDUCATION GROUP

Addiction affects not only the individual abusing the alcohol and/ or drugs but everyone around them. At Community Mental Healthcare, Inc. , we believe factual information is a powerful tool that can empower family and friends in their struggle with their loved one's addiction. This group is confidential, informative, and provided free of charge. Group is open to anyone interested in gaining knowledge and understanding of the epidemic of addiction, signs and symptoms, progression, consequences, recovery, and available resources.

Join us Every Tuesday 5:30p to 7p
